David J. Farnham

Education

2018 **Ph.D.**, *Columbia University*, New York, NY Earth and Environmental Engineering Department

Adviser Upmanu Lall, Columbia Water Center

Thesis Identifying and modeling spatio-temporal patterns in high dimensional climate and weather datasets with applications to water and energy resource management

2015 M.S., Earth Resources Engineering, Columbia University, New York, NY

Concentration Water Resources and Climate Risks

Thesis Predictive Statistical Models Linking Antecedent Meteorological Conditions and Waterway Bacterial Contamination in Urban Waterways

2012 **B.S., Civil Engineering**, *SUNY-Buffalo*, Buffalo, NY Summa Cum Laude, Honors College member

2012 **B.A., Mathematics**, *SUNY-Buffalo*, Buffalo, NY Summa Cum Laude, Honors College member

Experience

Research

- 2018–Present **Postdoctoral Research Scientist**, Carnegie Science & Department of Global Ecology, Stanford University, Stanford, CA
 - 2012–2018 **Graduate Student Researcher**, Columbia Water Center & Department of Earth and Environmental Engineering, Columbia University, New York, NY
 - 2012 **Student Researcher**, Department of Civil and Environmental Engineering, SUNY-Buffalo, Buffalo, NY
 - 2012 **Student Researcher**, Ecosystem Restoration through Interdisciplinary Exchange, NSF IGERT REU, SUNY-Buffalo, Buffalo, NY

Teaching

- 2015 **Teaching Assistant/Guest Lecturer: Environmental Data Analysis (Graduate level)**, Department of Earth and Environmental Engineering, Columbia University, New York, NY
- 2015 **Teaching Assistant: Better Planet By Design (Undergraduate level)**, Department of Earth and Environmental Engineering, Columbia University, New York, NY
- 2014–2016 Lead Module Developer: HydroViz Web Modules: Teleconnections Module, www.hydroviz.org

Iournal Reviewer

2017–Present Geophysical Research Letters, Hydrology and Earth System Sciences, International Journal of Geographical Information Science, Science of the Total Environment, Water Research, and Water Resources Research

Student Mentorship/Advisement

- 2017–Present Zeyu Xue, Jianan Cao, Bingquan Wu (all master's students at Columbia University)
 - 2016–2017 Caroline Schwab (high school)

Professional Affiliations

Member, American Geophysical Union and American Meteorological Society

Publications and Presentations

Invited Presentations

- [1] Bronx Sewershed Water Quality and Citizen Science (with W. McGillis and D. Hsueh). Interdisciplinary Workshop on Urban Green Infrastructure: Reports on Monitoring, Modeling, Performance & Design Work. Columbia University, New York, NY, USA, 2015.
- [2] Extreme Rainfall Mechanisms, Prediction, and Simulation at Chonbuk National University in Summer 2015. NSF EAPSI closing ceremony presentation series at the National Research Foundation of Korea. Seoul, South Korea, 2015.
- [3] NYC Urban Water Quality: Monitoring the Flow of CSOs with Citizen Scientists (with R. Gibson and D. Hsueh). Citizens Advisory Committee, New York-New Jersey Harbor & Estuary Program meeting. New York, NY, USA, 2015.
- [4] Water Quality Monitoring: 2013 Citizens' Water Quality Testing Program. New York City Department of Environmental Protect and New York City Department of Health. New York, NY, USA, 2014.
- [5] *Understanding Climate Risks in an Urban Environment (with M. Haraguchi)*. NSF IGERT, Solving Urbanization Challenges by Design summer workshop series. Columbia University, New York, NY, USA, 2013.
- [6] *Urban Water Cycle Responses to Climate*. NSF IGERT, Solving Urbanization Challenges by Design Brown Bag seminar series. Columbia University, New York, NY, USA, 2013.

Invited Panel Participation

- [1] 2016 Planet Forward Sustainable Cities Summit: Rethinking Water: Solutions for a 21st Century Infrastructure. George Washington University, Washington DC, USA, 2016.
- [2] Earth Institue Sustainable Development Seminar Series: The Monster El Niño Of 2015-16: What Was Expected? And, What Was Done? Columbia University, New York, NY, USA, 2016.

Select Honors and Awards

- 2015 National Science Foundation/National Research Foundation of Korea EAPSI Fellowship, National Science Foundation
- 2015 Graduate Research Fellowship Program Honorable Mention, National Science Foundation
- 2012-Present Integrated Graduate Education and Research Traineeship, National Science Foundation
 - 2012 Best Poster Presentation, 22nd Annual Great Lakes Research Consortium
 - 2012 Garmen Scholarship, Robert P. Apmann Memorial Award, and Undergraduate Research Award, SUNY-Buffalo

Recent Community Involvement

- 2017–Present Volunteer, We Run As One Summer Youth Basketball and cultural exchange, New York, NY
 - Event set-up, take-down, and score keeping
- 2014-Present Volunteer, Student Sponsor Partners, New York, NY
 - High school student mentor
- 2014, 2016, 2017 Volunteer, International Research Institute for Climate and Society, New York, NY
 - Facilitator at Lamont Doherty Earth Observatory open house

2013–2014 **Volunteer**, *Citizen's Water Quality Testing Program*, New York, NY Water quality sampling site coordinator

Select Computer Skills

Languages Proficient in R; Experience with Matlab, Python, C++

Software Proficient in Markdown, LATEX, Microsoft Word/Powerpoint/Excel

Media Appearances

December 12, 2018 Work highlighted and quoted in Ines Kagubare's: "Study tracks climate variation's impact on green power", E&E News
